Mr. Jon Maring
Director, Fossil Fuel Construction
Pacific Gas & Electric Company
915 Highland Pointe Dr., #130
Roseville, CA 95678

**SUBJECT: HUMBOLDT BAY GENERATING STATION (O6-AFC-7C)
COMPLIANCE WITH PRE-OPERATION CONDITIONS OF
CERTIFICATION**

Dear Mr. Maring:

This letter confirms that the Humboldt Bay Generating Station has satisfied, and is in compliance with, each of the conditions of certification required prior to the start of operations by the California Energy Commission final decision. Commencement of commercial operation, therefore, has Energy Commission approval.

We appreciate your diligent work with us during the construction phase and are pleased to note that the facility is ready to take over a critical role in providing power to the Eureka area.

The Humboldt Bay Generating Station remains obligated to comply with all conditions of certification in the final decision and imposed in the amendment, that relate to operation of the power plant.

If you have any questions, please call me at 916-654-4842 or send an e-mail to CMDavis@energy.state.ca.us.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Davis", written over a white background.

Chris Davis
