**Project Status Report #8**

<b>DOCKET</b>	
<b>09-AFC-3</b>	
DATE	<u>AUG 2 2010</u>
RECD	<u>AUG 2 2010</u>

Pursuant to the Committee Scheduling Order dated October 30, 2009, the following is staff's Status Report #8 for the proposed Mariposa Energy Project (MEP). This is an update for activities that have occurred since the previous Status Report on July 1, 2010.

**Outstanding Data Requests and Responses**

Staff does not have any outstanding data requests. However, the applicant will be providing tracking information showing aircraft flight paths and altitudes within a one-mile radius of the MEP proposed project site. This will be helpful for determining types of aircraft and flight elevations.

**Bay Area Air Quality Management District**

The applicant is currently working with the Bay Area Air Quality Management District (BAAQMD) in regard to appropriate current air district standards and the information to prepare the Preliminary Determination of Compliance (PDOC). The delay of the PDOC is creating a delay in the preparation of the Air Quality analysis.

**Project Schedule**

The project schedule is dependent upon the PDOC being issued by the air district. Staff is unable to commit to a schedule at this time without assurances on when the PDOC will be issued. Once staff, knows when the PDOC will be issued, we will propose a modified schedule.

Staff will continue to keep the Committee apprised of current work products and critical timelines, and a project status report will be prepared for September 1, 2010.
