_____)	

Pursuant to the Committee Scheduling Order dated October 12, 2010, the following is Robert Sarvey’s Status Report #2 for the proposed Mariposa Energy Project (MEP).

Final Staff Assessment

Intervenor is awaiting the Final Staff Assessment. Staff has indicated that there will be revisions to the Staff Assessment and has reported in its December status report that the following sections will be revised in the Final Staff Assessment; air quality, alternatives, biological resources, hazardous materials, land use, noise and vibration, project description, public health, socioeconomics, soil and water resources, traffic and transportation, transmission line safety and nuisance, transmission system engineering and visual resources.¹ The revisions touch almost every section of the PSA. Intervenor is preparing comments on the PSA and will submit them by the due date, December 9 as prescribed by Staff. After reviewing the FSA and the applicant’s testimony proposed to be submitted on December 20. Intervenor will begin preparation of testimony for the evidentiary hearings.

Mariposa PPA

PG&E has violated the conditions of the settlement agreement that led to the Mariposa PPA's approval. A petition for modification has been filed which seeks to examine the merits and need for the Mariposa Project. The Division of Ratepayer Advocates has supported the Petition for Modification. The CPUC has yet to rule on the petition for modification. PG&E has filed a petition for modification in A. 09-09-021 for approval the Oakley Project which exceeds their authorized need in D. 07-12-052 which could affect the Mariposa PPA. Intervenor will continue to keep the Committee informed of developments at the CPUC which materially affect the proceeding and the schedule.
