Re: Docket No. 08-AFC-13C, Compliance Proceeding
Calico Solar Project

Dear Docket Clerk:

Pursuant to the California Energy Commission's review process to assess the impacts of the proposed Calico Solar Project on environmental quality and public health and safety, I am submitting the accompanying notice, Calico Solar Project and Coccidioidomycosis (Valley Fever). Please docket the notice.

I certify under penalty of perjury that all of the statements made in the following documents are true, correct and complete to the best of my knowledge and belief.

Respectfully submitted,

Original Signed By

Re: Docket No. 08-AFC-13C, Compliance Proceeding
Notice: Calico Solar Project and Coccidioidomycosis (Valley Fever)

Dear Mr. Hoffman:

I own property adjacent the proposed Calico Solar Project and visit my property often. In September 2010, I became very ill and in January 2011 was diagnosed with Coccidioidomycosis or what is commonly known as Valley Fever.

I believe I was exposed to the Valley Fever fungus, *Coccidioides immitis*, when I visited my property during the Applicant's grading of Hector Road and access roads to Wells #1, #2 and #3 and the Applicant's geotechnical excavations.

I pray you as the Compliance Project Manager for the Calico Solar Project will not allow this project to proceed without a complete environmental study to determine the project's impact in terms of Valley Fever on the health and safety of the Project workers, BNSF employees, and the public including the thousands of travelers on the adjacent Interstate 40 Freeway.

I urge the California Energy Commission and all the Parties to survey their employees and subcontractors to determine who else might have contracted this debilitating disease.

Respectfully submitted,

Original Signed By

Patrick C. Jackson
