RECD. Apr 29 2011

Hi,

I am Wentao Li and have been living in Mountain House for 4 years.

We need California State to use Solar and other greener initiatives. Throwing power plant emission over Mountain House need to be stopped.

**Mariposa Power Plant will be a killer:**

- **it will kill our kids health**
- **it will kill our environment**
- **it will kill Mountain House Community**

Potential Serious Legal Violations and pollution nuisance to Mountain House from Mariposa Power Plant:

- Williamson Act Contract does not allow Electrical Facility
- Mariposa Power Plant is not a public need at the moment on the proposed site. Hence violates Policy 13 of Alameda County ECAP
- Mariposa Power Plant is not a allowed permissible Infrastructure on proposed site
- Applicant assumed there will be no-significant impact because of this power plant and fed it into the Mariposa EIR analysis (Environmental Impact Report) causing inconsistencies in its report.
- Applicant wrongly used year 2000 Census data used for Environmental Justice Analysis consideration
- California State is going against its own Renewable Energy Generation AB32 initiative to reduce GHG emissions
- Power Plant causes big Environmental Justice issue because of pollution nuisance on Minority Population Mountain House Community
- Alameda County clearly supporting this power plant for its financial benefits
- Huge million dollar community benefit given to Alameda County by Mariposa LLC
- Mountain gets no financial benefit but pollution
- Mountain House Community Health impact not sufficiently analyzed
- Alameda County Measure D Initiative (Open space Land east of Alameda County) violated
- Outreach to Mountain on Mariposa power plant application inadequate
- No Need Analysis done for Power Generation
- Mariposa inconsistent on Large Parcel Agriculture Land
- No land restoration plan explained by applicant on proposed agricultural open space land site

- Project in-compatible with Contra Costa Airport land use
- Power Plant Plumes hazard to Byron Airport
- Risk analysis on Gas pipeline safety insufficient
- No project Alternative during analysis ignored
- No consideration towards Innovative ways for Smarter Peaker Power Generation which throws zero pollution
