APPLICATION FOR CONFIDENTIAL DESIGNATION

(Title 20 Cal. Code. Regs., § 2505 et seq.)

EXISTING PROCEEDINGS: Applications for confidentiality and the confidential documents must be uploaded directly to Dockets through the e-filing system. Paper copies or CDs do not need to be submitted. Links to the e-filing system are provided on each proceeding’s webpage under the link “Submit e-filing.” Registration is necessary the first time documents are uploaded. Once registration is complete, to submit a confidential filing click on Quick Actions from the DASHBOARD and select Submit Confidential e-filing from the dropdown tab. The application needs to be uploaded first followed by the confidential materials. The application will then be acted upon by the Executive Director in consultation with the Chief Counsel of the Energy Commission. (§ 2505, subd. (a))

FILINGS TO THE COMMISSION NOT ASSOCIATED WITH ANY PROCEEDING: Applications for confidentiality and the confidential materials should be submitted directly to the Docket Unit in paper form or on a CD, but not by email. Documents may not exceed 50 MB. Two copies of the record for which confidentiality is sought must be submitted, on separate media if electronic, each marked with the title of the record and “confidential.” (§ 1208.1) The application should be on a sheet separate from, but may be attached to, the record. The application will then be acted upon by the Executive Director in consultation with the Chief Counsel of the Energy Commission. (§ 2505, subd. (a))

Please note that the applications are not confidential and are public records.

TO: Energy Commission Docket Unit

Applicant: DTE Stockton, LLC

Address: 414 South Main Street, Suite 600, Ann Arbor, MI 48104

Phone and E-mail: (734) 302-4800 // reisj@dteenergy.com

Proceeding or Project Name: DTE Stockton Retroactive REC Request

Docket Number:

1(a). Title, date, and description (including number of pages) of the information or data for which you request confidential designation. Information or data seeking a designation of confidentiality must be included with this application.

Independent Accountant’s Report for the Creation of Retroactive RECs for DTE Stockton, dated January 2016, Section 4 Accounting Documentation (final 60 pages of report)

1(b). Specify the part(s) of the information or data for which you request confidential designation.

The entire Section 4 of the Audit Report contains personal and financial information including bank account numbers and copies of checks.

2. State and justify the length of time the Energy Commission should keep the information or data confidential.

This information should be held confidential for a minimum of ten years in order to protect the personal and banking details of the parties involved.
3(a). State the provision(s) of the Public Records Act (Gov. Code, § 6250 et seq.) or other law that allows the Energy Commission to keep the information or data confidential, and explain why the provision(s) apply to that material.

This section of the Audit Report consists of financial documentation which contains personal and bank account details.

3(b). Discuss the public interest in nondisclosure of the material submitted for a confidential designation. If the material contains trade secrets or its disclosure would otherwise cause loss of a competitive advantage, please state how it would be lost, the value of the information to the applicant and the ease or difficulty with which the information could be legitimately acquired or duplicated by others.

Public interest is served by protecting bank account and personal details from a broad public distribution.

4. State whether the information or data can be disclosed if it is aggregated with other information or masked to conceal certain portions (including but not limited to the identity of the applicant). State the degree of aggregation or masking required. If the data cannot be disclosed even if aggregated or masked, explain why.

The data is not subject to aggregation. The amount of confidential financial information would make masking a difficult task.

5. State how the material is kept confidential by the applicant and whether it has even been disclosed to a person other than an employee of the applicant. If it has, explain the circumstances under which disclosure occurred.

This data has not been previously disclosed.

I certify under penalty of perjury under the laws of the State of California that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge and that I am authorized to make the application and certification on behalf of the applicant.
