DOCKET

08-AFC-13C

DATE May 26 2011

RECD. May 27 2011

Mr. Jackson:

In response to your questions to Hearing Officer Vaccaro:

The applicant identified a new road option at the informational hearing on April 20th. The proposed road is to access the parcel south of the railroad and to the west. The road is across private property and does not cross the railroad tracks. If you have any further questions, please feel free to contact project manager, Craig Hoffman at 916-654-4781 or by email at choffman@energy.state.ca.us.

Thank you.

Kerry Willis
Senior Staff Counsel
California Energy Commission

>>> Kourtney Vaccaro 5/25/2011 4:59 PM >>>

Mr. Jackson: By way of this email, I am asking Kerry Willis to respond to your question on behalf of Commission Staff.

Ms. Willis: Please provide a written response to Mr. Jackson's question (see the email string below) and copy the Committee and parties with your response.

Thank you,
Kourtney Vaccaro
Hearing Adviser II
California Energy Commission

Kourtney Vaccaro,

The Background to the Staff's Response to Committee Briefing Order states in part, "Staff is informed that Calico [Calico Solar, LLC] is planning to propose a new access road for the site."

Has Calico Solar, LLC, and BNSF Railroad "resolve access issues to the northern portion of the site."

What "new access road" is Calico "planning to propose?"

I want to thank you now for responding quickly to these questions.

Patrick C. Jackson

Intervenor & Private Property Owner
