Subject: Calico - Condition of Certification REL-1

Mr. Bell:

Thank you for more fully explaining Staff's position regarding Condition of Certification REL-1. In view of the recent bankruptcy filing by Stirling Energy Systems, compliance Staff may delay its Section 1769 evaluation of Calico's request to be relieved of its obligation to comply with Condition of Certification REL-1 until such time that Calico submits a revised project description or otherwise notifies the Commission of its intended course of action regarding the project.

Ms. Foley Gannon:

In accordance with the deadlines set forth in Condition of Certification REL-1, please ensure that Calico submits written reports advising the Commission of Calico's efforts to obtain the required data. If any data is obtained from the Maricopa facility, please ensure that Calico submits it to the Commission as required.

I will have this email docketed.
