PROJECT TITLE: Calico Solar Project PV Amendment

<input checked="" type="checkbox"/> Telephone	Email	<input type="checkbox"/> Meeting Location:	
NAME:	Lisa Worrall, CEC Planner II (Land Use) Andrea Koch, CEC Planner II (Traffic)	DATE: July 19, 2012	TIME: 2:30 pm
WITH:	Joan Patrovsky, Project Manager/Realty, Bureau of Land Management, Barstow Field Office; Chris Otahal, Wildlife Biologist, Bureau of Land Management, Barstow Field Office; Amanda Stennick, CEC Supervisor/Planner III (Land Use)		
SUBJECT:	Bureau of Land Management requirements to fulfill NEPA and BLM access routes		

We held a teleconference to discuss the steps that the Bureau of Land Management (BLM) would need to take to fulfill NEPA requirements for the proposed Calico Solar Project photovoltaic (PV) amendment. A NEPA review of the PV amendment would be required. A Supplemental Environmental Impact Statement, Record of Decision (ROD), and amended right-of-way grant would be generated by June 2013. The amendment of the California Desert Conservation Area Plan for the original project stands as approved by the original ROD, and no further amendments would be required for the PV amendment due to the reduction in project size.

We also discussed the access routes (BLM routes and project routes). The BLM routes (six routes) that were "closed" under the right-of-way grant for the original Calico Solar Project will not really be closed; rather they will be re-routed along the perimeter of the project, outside the project fencing, but inside the tortoise exclusionary fencing. All of the fencing and road will be within the modified project boundary. The BLM routes marked as "unspecified routes" are considered closed.

Status update: BLM received the Plan of Development from K Road Solar, LLC. at the end of day (July 19th).
