**SUBJECT: MARIPOSA ENERGY PROJECT, 09-AFC-3C
COMPLIANCE WITH PRE-OPERATION CONDITIONS OF
CERTIFICATION**

Dear Mr. Buchynsky:

This letter confirms that the Mariposa Energy Project has satisfied, and is in compliance with, each of the conditions of certification required prior to the start of operations by the California Energy Commission final decision. Commencement of commercial operation, therefore, has Energy Commission staff approval.

We appreciate your diligent work with us during the construction phase and are pleased to note that the facility is ready to take on a critical role in providing power to Alameda County, the San Francisco Bay Area and to support and back up intermittent renewable resources (e.g., wind and solar) within the Altamont area.

The Mariposa Energy Project remains obligated to comply with all conditions of certification in the final decision and any amendments to that decision.

If you have any questions, please call me at 916-654-4781 or send an e-mail to craig.hoffman@energy.ca.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Craig Hoffman".
