DATE	AUG 30 2011
RECD.	AUG 31 2011

Project Name: Blythe Solar Power Project

Energy Commission Docket Number: 09-AFC-6C

Energy Commission Contact Person: Mary Dyas **Phone #:** (916) 651-8891

Project Location: Blythe, Riverside County, California

Project Description: Nominally rated 1000-megawatt (MW) solar generating facility utilizing solar parabolic trough technology.

Modification Description: Modifications to facility design and to the generation tie line due to the relocation of the Colorado River Substation.

On August 24, 2011, the California Energy Commission approved the above-described project change pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

1. The project will not have a significant effect on the environment.
2. Mitigation measures were made a condition of approval of the project.
3. A statement of Overriding Considerations was not adopted for the project.

The Commission's docket files containing the final Energy Commission Decision and other information regarding the project are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. The final Decision and other information regarding the project are also available on the Energy Commission's web site--www.energy.ca.gov.
