NCPA PLANT NUMBERS 1 (79-AFC-2) AND 2 (81-AFC-3), MONTHLY REPORTS OF GEOTHERMAL OPERATIONS. (COMMISSION NOS. NCPA-2 AND NCPA-3)

In the past, you have submitted Monthly Reports of Geothermal Operations to us for plant numbers NCPA-1 and NCPA-2 (our numbering system designates these plants as NCPA-2 and NCPA-3). These monthly reports are not required.

There is no condition of certification for the NCPA-1 plant requiring that operations reports be filed, either monthly or annually. Therefore, operations reports for NCPA-1 should not be sent to us.

For NCPA-2 (our number NCPA-3), Power Plant Efficiency Condition 17-1 requires that annual operating reports be submitted to the Commission's Compliance Project Manager (CPM). No monthly operating reports should be sent to us. Any operations data that are produced more frequently than annually for NCPA-2 (NCPA-3) can be condensed and submitted in the annual report to the CPM.

If you have any questions regarding this matter, please contact me at (916) 654-3864.

Sincerely,

A handwritten signature in cursive script that reads "Robert J. Brand".
