Project Name: Midway Sunset Cogeneration Project

Energy Commission Docket Number: 85-AFC-3C

Energy Commission Contact Person: Christina Snow **Phone #:** 916-651-3770

Project Location: Kern County approximately 40 miles southwest of Bakersfield, California.

Project Description: The Midway Sunset Cogeneration project is a 225 MW cogeneration power plant that uses cogeneration steam to aid in an enhanced oil recovery process. The project was certified by the Energy Commission in May 1987, has been in operation since 1989.

Modification Description: The project modification includes replacement of Unit B's DLN-9 combustion system with a DLN-1+ system, revises equipment descriptions, revises compliance test submittal time frame from 30 days to 60 days and modifies applicable air quality conditions of certification.

On April 6, 2011, the California Energy Commission approved the above-described project changes pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

1. The project will not have a significant effect on the environment.
2. Mitigation measures were made a condition of approval of the project.
3. A statement of Overriding Considerations was not adopted for the project.

The Commission's docket files containing the final Energy Commission Decision and other information regarding the project are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. The final Decision and other information regarding the project are also available on the Energy Commission's web site--www.energy.ca.gov.
