From: California Energy Commission
1516 9th Street MS-2000
Sacramento, CA 95814

Subject: Filing of Notice of Decision in compliance with Public Resources Code Section 21080.5 and Title 20, California Code of Regulations, Section 1768

Project Name: High Desert Power Project

Energy Commission Docket Number: 97-AFC-1C

Energy Commission Contact Person: Dale Rundquist **Phone #:** 916-651-2072

Project Location: Victorville, County of San Bernardino, California.

Project Description: This decision allows annual source testing for nitrogen oxides (NOx), sulfur oxides (SOx), carbon monoxide (CO), and ammonia slip (NH3) to be changed to once every five years. Annual source testing for volatile organic compounds (VOC) will change to once every three years. The decision also waives the testing requirement for opacity and changes wording inadvertently inserted in a previous amendment.

On July 30, 2008, the California Energy Commission approved the above-described project pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

1. The project will not have a significant effect on the environment.
2. Mitigation measures were made a condition of approval of the project.
3. A statement of Overriding Considerations was not adopted for the project.

The Commission's docket files containing the final Commission Decision and other information regarding the project are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. The final Decision and other information regarding the project are also available on the Commission's web site--www.energy.ca.gov.
