| DATE  | NOV 16 2010 |
| RECD. | NOV 16 2010 |

All:

Please be advised that I had a conversation earlier today with Ed Manning of KP Public Affairs regarding possible dates for conducting a December status conference in this matter. Mr. Manning represents General Electric, an identified vendor for this project. Mr. Manning asked whether I would be willing to look into moving the proposed December 20 date forward as his client has an interest in the timing of the proceedings.

I advised Mr. Manning that the December 20 date was selected based on Committee member availability when I checked calendars last week. I further advised that I would revisit Committee member availability. As a result of that effort, it appears that Tuesday, December 7, is available for a one-hour status conference.

Therefore, please be advised that the status conference will be conducted on December 7, 2010 at 9:00 a.m. It will NOT take place on December 20, 2010 as I had initially indicated. A written notice will issue.
