Re: 09-AFC-6 Blythe Solar Power Project

Dear Docket Clerk:

Enclosed are an original and one copy of Petition to Intervene by California Unions for Reliable Energy. Please process the document and provided us with a conformed copy in the envelope enclosed.

Thank you.

Sincerely,

Carol N. Horton  
Administrative Assistant

Attorneys for the CALIFORNIA UNIONS  
FOR RELIABLE ENERGY

Pursuant to sections 1207 and 1712 of Title 20 of the California Code of Regulations, California Unions for Reliable Energy (“CURE”) petitions to intervene in this proceeding.

Section 1207(a) grants “any person” the right to file a petition to intervene which sets forth “the grounds for the intervention, the position and interest of the petitioner in the proceeding, the extent to which the petitioner desires to participate in the proceedings, and the name, address, and telephone number of the petitioner.” Section 1207(c) provides that the “presiding member may grant leave to intervene to any petitioner to the extent he deems reasonable and relevant . . . .”

CURE is a coalition of unions whose members help solve California’s energy problems by building, maintaining, and operating conventional and renewable energy power plants. The Blythe Solar Power Project proposes the construction, maintenance, and operation of four 250 megawatt (“MW”) solar electric generating facilities in Riverside County. Thus, the project directly affects the union members’ immediate economic interests.

CURE is equally committed to building both a strong economy and a healthy environment. Poorly designed renewable energy power plants may degrade the environment with noise and visual intrusion, water and soil pollution, and destruction of archaeological or wildlife habitat areas. Environmental degradation jeopardizes future jobs by causing construction moratoriums, depleting limited air pollutant emissions offsets, using limited

fresh water, and putting added stresses on the environmental carrying capacity of the state. This reduces future employment opportunities. In contrast, well designed projects that reduce environmental impacts of electricity generation improve long-term economic prospects.

CURE has an interest in the economic and environmental impacts of the Blythe Solar Power Project. Union members are concerned about projects that cause serious environmental hardship without providing countervailing economic benefits. The Commission's application process provides for a balancing of the Project's socio-economic and environmental impacts.

CURE's ultimate position in this proceeding will be determined based on all of the factors that will be considered by the Commission.

CURE has been granted intervention in most other siting cases brought before the Commission since the enactment of AB 1890. The Commission rejected the only challenge to CURE's participation in those cases finding CURE's interests "undeniably relevant" to the proceedings. (In the Matter of Application for Certification for the High Desert Power Project, Docket No. 97-AFC-1, Order Granting Petition to Intervene at 2 (Dec. 24, 1997).) The same decision should be reached here.

CURE wishes to participate fully in all phases of this proceeding. Filings should be served on CURE at the address listed below.

For the foregoing reasons, CURE respectfully requests that the Commission grant its petition to intervene in this proceeding, and allow CURE to participate as a party.

Dated: December 9, 2009

Respectfully submitted,

Tanya A. Gulesserian

**DECLARATION OF SERVICE  
Blythe Solar Power Plant Project**

**Docket No. 09-AFC-6**

I, Carol N. Horton, declare that on December 9, 2009, I served and filed copies of the attached Petition to Intervene by California Unions for Reliable Energy dated December 9, 2009. The original document, filed with the Docket Office, is accompanied by a copy of the most recent Proof of Service list, located on the web page for this project at:  
[http://www.energy.ca.gov/sitingcases/solar\\_millennium\\_blythe/index.html](http://www.energy.ca.gov/sitingcases/solar_millennium_blythe/index.html).

The document has been sent to both the other parties in this proceeding (as shown on the Proof of Service list) and to the Commission's Docket Office via email and U.S. mail as addressed below:

**CALIFORNIA ENERGY COMMISSION**

Attn: Docket No. 09-AFC-9  
1516 Ninth Street, MS-4  
Sacramento, CA 95814-5512  
docket@energy.state.ca.us

I declare under penalty of perjury that the foregoing is true and correct. Executed at Sacramento, CA on December 9, 2009.
