UNIONS FOR RELIABLE ENERGY

California Unions for Reliable Energy (“CURE”) submits this status report pursuant to the Committee’s February 9, 2010 Scheduling Order.

CURE petitioned to intervene in this proceeding on December 9, 2009. The Committee granted CURE’s petition on December 23, 2009. CURE participated in the January 7, 2010 data requests and issues resolution workshop and the January 14, 2010 workshop continuance. CURE also attended the January 25, 2010 information hearing, scoping meeting and site visit held in Blythe, California. CURE continues to evaluate the Application for Certification, Staff’s data requests, the Applicant’s responses to data requests, and the Applicant’s responses to workshop queries.

CURE is working to identify whether further data requests are needed to clarify the proposed Project, potentially significant impacts and mitigation measures, and compliance with the Warren-Alquist Act, including LORS. CURE will participate in the mandatory status conference scheduled for February 17, 2010.

Dated: February 10, 2010

Respectfully submitted,
