Subject: RE: Question re Riverside County Airport Land Use Commission

We have been in touch with John Guerin at the ALUC. We plan to submit an application to the ALUC to provide them an opportunity to review.

Subject: Question re Riverside County Airport Land Use Commission

Hi Alice,

The CEC technical experts for both Land Use and Traffic and Transportation had questions related to the Riverside County Airport Land Use Commission.

I wanted to follow up on your e-mail from February 2. Are you still planning on meeting with John Guerin, Principal Planner for the Commission, and also are you still planning on filing the application with the Airport Land Use Commission?

Thanks,
Alan
