DOCKET No. 09-AFC-7

DOCKET

DATE	JUL 19 2010

REVISED COMMITTEE SCHEDULING ORDER

Background

On August 24, 2009, Solar Millennium, LLC and Chevron Energy Solutions (Applicants), submitted an Application for Certification (AFC) to the Energy Commission to construct the **Palen Solar Power Project** (PSPP), a solar thermal power plant facility located approximately 10 miles east of Desert Center, along Interstate 10 (I-10) approximately halfway between the cities of Indio and Blythe, in Riverside County, California.

The Energy Commission found the AFC data adequate on November 18, 2009, and assigned a Committee to conduct proceedings on the AFC. The Committee held a public Site Visit and Informational Hearing at Blythe City Hall on January 25, 2010, to discuss the review process and to identify issues that could affect the schedule.

The Committee held a Status Conference on July 6, 2010, to assess the parties' readiness for Evidentiary Hearings. Applicant, Staff, and Intervenor CURE filed Issues Statements setting forth proposed schedules for the remainder of the proceeding.

The Revised Committee Schedule reflects the Committee's careful consideration of each party's suggested schedule, Commission staff workload, and the Applicant's expressed desire to have this proceeding concluded in time for a Final Commission Decision to be issued no later than December 15, 2010, in order to qualify for American Reinvestment and Recovery Act of 2009 (ARRA) funding if the AFC is approved.

The Committee may modify the schedule at any time by its own motion or that of a party. [Cal. Code Regs., tit. 20, § 1709.7(c).]

Status Reports and Status Conferences

The Committee understands that Commission staff are currently carrying an unprecedented workload, coupled with the need for several solar projects to commence construction before the end of this year in order to receive ARRA funding, meaning that

AFCs must be processed to completion at a rapid pace. Accordingly, the Committee **orders** that the parties promptly inform the Committee via memo, email, or telephone contact with the Hearing Adviser, of anything causing inability to meet a deadline. Any such communications shall be promptly docketed as appropriate.

Public Participation

The Energy Commission Public Adviser is available to assist the public in participating in the application review process.
