**Re: Evidentiary Hearing Location Request and Address Change
from Basin and Range Watch**

To the Energy Commission,

Basin and Range Watch would like to formally request that the July 16th Evidentiary Hearing for the Palen Solar Power Project be held in the community of Palm Springs, California. Due to some interest generated by local people who are concerned about energy development proposals along the Interstate 10 Corridor, we believe that these concerns may be missed if the hearing were held in the community of Sacramento. The expedited schedule for this project have created a large list of outstanding unresolved issues concerning biological resources, cultural resources, hydrological issues, visual resources, private property issues, lack of reasonable alternatives as well as raising questions about the reliability of the project. We believe it could be a mistake to hold the hearing in the community of Sacramento because it is possible that issues raised by closer residents could be missed.

We would also like to request to all parties on the Proof of Service list to please send hard copies of

documents to our Nevada address:

Please contact us if you have any questions. Thank you for your cooperation with these requests.

Sincerely,
