Subject: **CONFIDENTIAL COVER SUBMITTAL OF THE GENESIS SOLAR ENERGY PROJECT APPLICATION FOR CERTIFICATION (09 AFC 08) DATA ADEQUACY SUPPLEMENT 1B: CONFIDENTIAL CULTURAL RESOURCE RESPONSE REVISED DRAFT CLASS II AND CLASS III CULTURAL RESOURCES INVENTORIES FOR THE PROPOSED GENESIS SOLAR ENERGY PROJECT, RIVERSIDE COUNTY, CALIFORNIA—REQUESTED ADDITIONAL COPY SUBMITTAL**

Dear Ms. Jones:

On behalf of Genesis Solar, LLC (the Applicant) in support of cultural resource confidentiality, pursuant to 20 CCR Section 2505, California Code of Regulation, please find enclosed three copies (Clipped) and a CD of the Genesis Solar Energy Project Application for Certification (09-AFC-8) Data Adequacy Supplement. The Genesis Solar Energy Project is a 250 megawatt solar electric generating facility to be located between the community of Desert Center and the city of Blythe in eastern Riverside County, California.

This data adequacy supplement was compiled in response to the Energy Commission's Data Adequacy Recommendation (09-AFC-8) dated September 30, 2009 and October 23, 2009. On 10/29/09 three copies of the 1B supplemental Cultural Resource document was submitted to the CEC to provide the additional information necessary to fulfill the Application for Certification data adequacy requirements for Cultural Resources (AFC Section 5.16). On 10/29/09, one additional copy and CD of the Revised Draft Class II and Class III Cultural Resources Inventories for the Proposed Genesis Solar Energy Project, Riverside County, California, October 2009, was requested by CEC staff. On additional technical report and CD is attached and fulfills the request.

1(a). Title, date and description (including number of pages) of the record for which you request confidential designation.

One copy of:

Revised Draft Class II and Class III Cultural Resources Inventories for the Proposed Genesis Solar Energy Project, Riverside County, California, October 2009: pp 89. The report contains information regarding the archaeological investigation of the proposed project area.

1(b). Specify the part (s) of the record for which you request confidential designation.

Applicant request confidential designation for the entire *Revised Draft Class II and Class III Cultural Resources Inventories for the Proposed Genesis Solar Energy Project, Riverside County, California, October 2009*.

2. State and justify the length of time the Commission should keep the record confidential.

The *Revised Draft Class II and Class III Cultural Resources Inventories for the Proposed Genesis Solar Energy Project, Riverside County, California* should be kept confidential indefinitely to protect know cultural resources, including archaeological and historic objects, sites and districts, historic buildings and structures, cultural landscapes, and sites and resources of concern to local Native American or other public ethnic groups. If the confidential locations of these cultural resources are released to the public domain, there is potential risk of destruction and/or "looting" (stealing of artifacts) of these resources.

3(a). State the provisions of the Public Records Act or other law that allows the Commission to keep the record confidential, and explain why the provisions (s) apply to the record.

The *Revised Draft Class II and Class III Cultural Resources Inventories for the Proposed Genesis Solar Energy Project, Riverside County, California, October 2009* specifically identifies site locations and areas of potential cultural significance. It is thus protected under Government Code Sections 6254(e), 6254(k), and 6254(r).

3 (b). Discuss the public interest in nondisclosure of the record. If the record contains trade secrets or its disclosure would other wise cause loss of competitive advantage, please also state how it would be lost, the value of the information to the applicant, and the cost or difficulty with which the information could be legitimately acquired or duplicated by others.

The public interest will be served by nondisclosure by preventing damage and/or looting of the cultural resources sites described in the *Revised Draft Class II and Class III Cultural Resources Inventories for the Proposed Genesis Solar Energy Project, Riverside County, California, October 2009*. Damage and/or looting of cultural resources would preclude scientific study and data about the resource and would potentially impact the resources that are valued by Native Americans and other ethnic or religious groups and/or individuals.

4. State whether the record may be disclosed if it is aggregated with other information or masked to conceal certain portions (including but not limited to the identity of the applicant). State the degree of aggregation or masking required. If the data cannot be disclosed even if aggregated or masked, explain why.

Applicant believes the California Energy Commission Staff can incorporate a generalized summary of the information contained in the *Revised Draft Class II and Class III Cultural Resources Inventories for the Genesis Solar Energy Project, Riverside County, California* to properly state the basis for its analysis without disclosing information specific enough to facilitate damage and/or looting of sensitive resources.

5. State how the record is kept confidential by the applicant and whether it has ever been disclosed to a person other than an employee of applicant. If it has, explain the circumstances under which disclosure occurred.

Applicant has not disclosed any of the subject confidential information to anyone other than its employees, attorneys, and consultants working on the Application for Certification for the Project.

I certify under penalty of perjury that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge, and that I am authorized to make the application and certification on behalf of the Applicant. (Cal. Code Regs., title 20, § 2505(a)(1)(G).)
