RE: Amendments to Title 20
Appliance Efficiency Regulations
Rulemaking

Notice of Postponement of Public Hearing For Consideration and Proposed Adoption

The California Energy Commission is postponing the public hearing for consideration and possible adoption of the Amendments to the Title 20 Appliance Efficiency Regulations, originally scheduled for June 13, 2018. After the review of the comments received during the 45-day comment period and at the Lead Commissioner meeting held on April 24, 2018, the Energy Commission has determined that changes to the proposed regulations are necessary and will issue 15-day language with proposed changes. Therefore, the Energy Commission is postponing the proposed adoption date of June 13, 2018 for consideration and possible adoption of the proposed amendments to the Title 20 Appliance Efficiency Regulations.

The new hearing date for consideration and possible adoption of the proposed amendments will be announced in a subsequent document.
