Subject line:

Workshop WebEx Failure: Improving Energy Compliance of Central Air Conditioning and Heat Pump Systems

Text of message to be sent:

On June 29, 2018, California Energy Commission staff held a workshop regarding the improvement of energy compliance of central air conditioning and heat pump systems.

Unfortunately the wrong WebEx meeting was launched and a number of people were prevented from effectively participating in the workshop.

We will reschedule this workshop as soon as possible and send an update.

We apologize for this failure and the frustration it has caused.

Sincerely,

Joe Loyer
Senior Mechanical Engineer
California Energy Commission
