I'm sending you a copy of the letter that I wrote to the SLO Board of Supervisors Study Session.

TO BOARD OF SUPERVISORS OF SAN LUIS OBISPO COUNTY AND OTHER PARTIES AND AGENCIES

I am writing this note to let you know I received your letter regarding the meeting on Ausra's Solar Farm.

As a resident of twenty two years in California Valley Myself and family are very much in favor of the Solar plant coming into our area. We can see no problems with their operation out here. I have attended all of their meeting out hear and was very impressed with their thorough planning and considerate answers they have displayed. We as a family feel they will help our community and hopefully stimulate our economy out here where we need it and especially at this time. I believe that the majority of the residents out here feel the way we do. We definitely need to look to alternative ways for power and what better place than out in California Valley where everything

is right for it..
