AIR QUALITY

Background: AIR QUALITY MODELING

The Applicant's November 25, 2008 submission of the Application for Certification ("AFC") included "Air Quality Modeling on CD." The AFC refers to this air quality modeling in both the air quality and public health and safety analyses (i.e., pages 5.2-34 and 5.16-15).

Data Request:

1. Please provide a copy of the air quality modeling CD (in an accessible, i.e. not password-protected format) submitted with and referred to in the AFC.

Background: AIR QUALITY MODELING

The AFC includes construction emissions calculations and operational emission calculations in appendices B-2 and B-3, respectively. However, the calculations are presented in excel spreadsheets, some of which are unreadable.

Data Request:

2. Please provide all construction and operational emission calculations in appendices B-2 and B-3 in an accessible (not password-protected) electronic format.

Dated: May 28, 2009

Respectfully submitted,
