TELECONFERENCE OPTION: Parties and the Public may attend the meetings in person at the above location or by telephone and/or by computer via our “WebEx” web conferencing system. For details on how to participate by WebEx, please see the “Participation through WebEx” directions attached to this Notice.

Background

On September 9, 2015, AES Southland, LLC, (project owner or Petitioner) submitted a Petition to Amend (Petition) to the California Energy Commission (Energy Commission) seeking permission to amend the certified Huntington Beach Energy Project (HBEP)². The Petition proposes to reduce the nominal generation capacity of the project from 939 megawatts (MW) to 844 MW (644 MW generated from combined-cycle technology and 200 MW from simple-cycle technologies). The project site is located in the City of Huntington Beach, just north of the intersection of the Pacific Coast Highway and Newland Street. The project would be located entirely within the footprint of the existing AES Huntington Beach Generating Station, an operating power plant.

Further details of the proposed Amended HBEP are contained in the Petition, which may be viewed at <https://efiling.energy.ca.gov/getdocument.aspx?tn=206087>.

Purpose of the Status Conferences

The Committee will conduct the Status Conferences to discuss the progress made in the proceeding, any barriers to the timely completion of Staff’s analysis, date-specific project milestones, and any other matters relevant to the schedule. It may also address any then-pending motions, petitions, and other requests that are ripe for consideration.

As allowed by California Code of Regulations, title 20, section 1208, the Status Conferences may be conducted by the Hearing Officer without either Commissioner being present.

² The Energy Commission issued its Final Decision allowing Petitioner to construct and operate the HBEP on October 29, 2014 (the 2014 Decision). The 2014 Decision can be found at: <https://efiling.energy.ca.gov/getdocument.aspx?tn=203309>

Closed Session Deliberations

During any committee conferences or hearings, the Committee may adjourn to a closed session in accordance with California Government Code section 11126, subdivision (c)(3), which allows a state body, including a delegated committee, to hold a closed session to deliberate on a decision to be reached in a proceeding the state body was required by law to conduct.

Transcripts

Parties are responsible for identifying errors in the transcripts of the proceedings. Corrections to the transcripts must be submitted to the Committee within 30 days of the filing of a transcript.

Public Participation and Public Adviser

Members of the public are welcome to attend and offer comments at the Committee Status Conference. It is not necessary to be an intervenor to participate in the public process. Comments may be submitted in writing via the Energy Commission's e-Commenting system at
