EnergyStar Commitment Form for SemaConnect

I am attaching the CALeVIP EnergyStar Commitment Form for SemaConnect, along with a brochure for our S620 model charger.

Please advise if I can provide further information or documentation to be eligible.

Additional submitted attachment is included below.

CALeVIP ENERGY STAR® Commitment Form

Instructions for completing the CALeVIP ENERGY STAR Certification process are on the back of this form.

Name of manufacturer:

ENERGY STAR ID number (attach full agreement):

Date agreement executed:

Existing model number(s) seeking ENERGY STAR certification (attach model spec sheet):

Features for new models being developed (attach additional pages if needed):

Manufacturer is aware that to be eligible for CALeVIP, Level 2 chargers at a minimum must include the following features: network capable for data communication and repairs (meaning that your equipment must have been functioning on an EV charging network *prior* to submitting this form and includes completion of all network-to-charger integration testing), certified by a Nationally Recognized Testing Laboratory, capable of 6.2 kW or greater, have at least one J-1772 connector and accept multiple forms of payment, including credit cards.

Manufacturer understands that CALeVIP will reinstate ENERGY STAR as a mandatory requirement for chargers in future Level 2 projects. This mandatory requirement for projects is anticipated to be reinstated in early 2019.
