## SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (Agreement) is entered into between the California Energy Commission (Commission), with its principal office at 1516 Ninth Street, Sacramento, California 95814, and Husqvarna Professional Products, Inc. (Husqvarna), with a place of business at 9335 Harris Corners Parkway, Suite 500, Charlotte, North Carolina 28269, collectively referred to as the Parties.

### I. RECITALS

(1) The Commission's Appliance Efficiency Regulations at California Code of Regulations, Title 20, Article 4, sections 1601-1609 (Appliance Efficiency Regulations),<sup>1</sup> set forth the requirements to sell or offer for sale regulated appliances in California. The pertinent requirements include:

- Testing: The appliance is tested as required in 1603, using the applicable test method set forth in section 1604.
- Efficiency: The appliance meets the required efficiency standards set forth in sections 1605.2 or 1605.3.
- Marking: The appliance is correctly marked and labeled as required under section 1607.
- Certification: The appliance is certified to the Commission and appears in the Commission's most recent Appliance Efficiency Database (Database) as required under section 1606.

(2) The Commission's enforcement authority includes the removal of non-complying appliances from the Database, as set forth in section 1608, and the issuance of administrative civil penalties under section 1609.

(3) Husqvarna sells or offers for sale several models of Husqvarna®, McCulloch®, Poulan Pro®, and Weed Eater® lawn and garden equipment in California through retailers or distributors.

(4) Certain models of lawn and garden equipment that Husqvarna sells or offers for sale in California contain small battery charging systems (SBCS) that are subject to the testing, efficiency, marking and certification requirements for this appliance class as described in paragraph I(1) above.

(5) The Commission contends that, from February 2013 to August 2017, Husqvarna sold or offered for sale through retailers or distributors lawn and garden equipment in California that was not listed in the Database as required in section 1606, did not meet the SBCS efficiency standards set forth in section 1605.3(w)(2) when tested using the appropriate test method as described in section 1604(w), and were not marked as required in section 1607(d)(10). Husqvarna disputes the Commission's contentions, and denies that all of the lawn and garden equipment identified by the Commission as noncompliant are subject to the Appliance Efficiency Regulations or are noncompliant with such regulations.

(6) If the Commission's contentions were determined to be correct, the Commission, through

---

<sup>1</sup> All references are to California Code of Regulations, Title 20, Article 4, unless otherwise specified.

adjudication, could impose penalties for each violation alleged, obtain injunctive relief to prohibit Husqvarna from continuing to sell or offer for sale, non-compliant SBCS in California and take any other enforcement action as allowed by law.

(7) Section 1609(b)(3) and California Public Resources Code section 25402.11(a)(2) identify the following factors the Commission shall consider when determining the amount of an administrative civil penalty:

- The nature and seriousness of the violation.
- The persistence of the violation, meaning a responsible person's history of past violations of the Appliance Efficiency Regulations over the previous seven years.
- The number of violations arising from the course of conduct that is subject of the enforcement proceeding.
- The length of time over which the violation occurred.
- The willfulness of the persons responsible for the violation.
- The harm to consumers and to the state that resulted from the amount of energy wasted due to the violation.
- The number of persons responsible for the violation.
- The efforts of the persons responsible for the violation to correct the violation prior to initiation of an enforcement action by the Energy Commission.
- The cooperation, by the persons responsible for the violation, with the Energy Commission during its investigation.
- The assets, liabilities, and net worth of the persons responsible for the violation. This information will be considered to reduce the administrative civil penalty amount, should a responsible person or persons elect to provide asset, liability, and net worth documentation to the Executive Director to demonstrate that a reduction in a penalty amount is necessary to avoid an undue burden.

(8) Penalties must be set at levels sufficient to deter violations. In developing this Agreement the Commission considered the facts of the case and applied the above factors to determine an appropriate settlement. Further, in this case Husqvarna cooperated with the Commission in the investigation by redesigning those products that were noncompliant; promptly testing, certifying, and marking the units subject to the Appliance Efficiency Regulations; notifying retailers and removing the non-compliant units from the California market; and by providing to the Commission sales data for all units requested by the Commission. The efforts by Husqvarna saved the Commission time and resources in investigating the violations and minimized the impacts on the competitive business environment, and energy consumption and the environment in California from the non-compliant units.

(9) Husqvarna is willing to enter into this Agreement solely for the purpose of settlement and resolution of this matter with the Commission, and not as an admission that the lawn and garden equipment identified in paragraph I(5) is subject to or noncompliant with the Appliance Efficiency Regulations. The Commission accepts this Agreement in termination of this matter. Accordingly, the

Parties agree to resolve this matter completely by means of this Agreement, without the need for adjudication.

## II. TERMS AND RELEASE

In consideration of the recitals listed above which are incorporated into this section by reference, and the mutual agreements set forth below, the Commission and Husqvarna agree as follows:

(1) This Agreement covers the following Husqvarna appliance(s):  
Husqvarna branded products: (i) 220, 315, 315X, 430X, and 450X Automowers, (ii) 120i chainsaw, (iii) 115iL trimmer, (iv) 115iHD45 hedge trimmer, and (v) 320i-b blower.  
McCulloch branded products: ROB1000 robotic mower.  
Poulan Pro branded products: PPB4014, PPB4020M, PPB40AB, PPB40HT, PPB40T, PPB40PS, and PPB404AH-40V 4AH.  
Weed Eater branded products: WE20VT, WE20VB, and WE20VH.

(2) To resolve the dispute concerning the Commission's contentions that Husqvarna sold or offered for sale in California lawn and garden equipment containing SBCS identified in paragraph I(5), whose models are identified in paragraph II(1) that did not meet the energy efficiency standards prescribed by section 1605.3, were not certified to the Database as required by section 1606, and/or were not marked per section 1607(d)(10), and, in consideration of the factors listed in paragraph I(7) and I(8) above, Husqvarna agrees to pay as an administrative civil penalty the total sum of \$200,000.00 by check made payable to the California Energy Commission within seven (7) business days after both parties sign this Agreement. Payment shall be made by the applicable due date, and sent with the corresponding remittance statement to the following address:

California Energy Commission  
Accounting Office, MS-2  
1516 Ninth Street  
Sacramento, California 95814-5512

(3) Husqvarna also agrees to take each of the following actions for any and all SBCS it will sell or offer for sale in California:

- a. Test all basic models, utilizing the applicable test method, to ensure conformance with the Appliance Efficiency Regulations.
- b. Certify all basic models in the Database, and ensure listing(s) are kept current and up to date.
- c. Use a new model number for any of the basic models described in II(1) that have been redesigned to meet energy efficiency standards.

(4) This Agreement shall apply to and be binding upon Husqvarna and its principals, officers, directors, receivers, trustees, employees, successors and assignees, subsidiary and parent corporations,

and upon the Commission and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Agreement.

(5) In consideration of the payment specified above, the Commission hereby releases Husqvarna and its principals, directors, officers, agents, employees, shareholders, subsidiaries, parents, affiliates, predecessors and successors from any and all claims for violations of sections 1605-1608 (efficiency, marking, certification), relating to the appliances identified in paragraph I(5), whose model numbers are identified in paragraph II(1).

(6) This Agreement constitutes the entire agreement and understanding between the Commission and Husqvarna concerning the claims and settlement in this Agreement, and this Agreement fully supersedes and replaces any and all prior negotiations and agreement of any kind or nature, whether written or oral, between the Commission and Husqvarna concerning these claims.

(7) No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, shall be valid or enforceable unless it is in writing and signed by all Parties to this Agreement.

(8) Husqvarna further agrees that if the subject matter of this agreement comes before the Commission in an administrative adjudication, neither any member of the Commission, nor the Executive Director, shall be disqualified because of prior consideration of this Agreement.

(9) Each Party to this Agreement has reviewed the Agreement independently, has had the opportunity to consult counsel, is fully informed of the terms and effect of this Agreement, and has not relied in any way on any inducement, representation, or advice of any other Party in deciding to enter into this Agreement.

(10) This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice of law rules. Any litigation arising out of or related to this Agreement shall be filed in the Superior Court of California, County of Sacramento.

(11) Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.

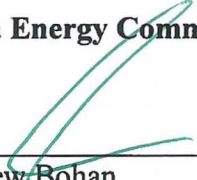

(12) The failure of any Party to enforce any provision of this Agreement shall not be construed as a waiver of any such provision, nor prevent such Party thereafter from enforcing such provision or any other provision of this Agreement.

(13) This Agreement is deemed to have been drafted equally by the Parties; it will not be interpreted for or against either Party on the ground that said Party drafted it.

(14) This Agreement is effective upon signature by a representative of Husqvarna with authority to

bind the company, and approval by an authorized agent of the Commission. The Parties agree that fax or scanned signatures and multiple signature pages are acceptable for purposes of executing this Agreement.
