CPP Heat Rate

How does the heat rate in the SFA petition compare with SFA budget for correctness?

SFA 2018 budget on PDF page 7 lists average heat rate as 6,380. That number appears to come from the table on PDF page 8.

See The SFA 2018 Budget at this [smud.org](https://www.smud.org) link below (SMUD Board approved posted document is not ADA compliant).

There appears to be math errors in this SMUD Board approved budget document.

Perhaps the math in SFA's petition and supporting documents should be validated?

What is the correct heat rate for SMUD's Cosumnes Power Plant?

ever onward,
