From: 
Greg Andersen, Division Chief Code Development & Analysis
Office of the State Fire Marshal (OSFM-CDA)
California Department of Forestry and Fire Protection (CAL FIRE)

Subject: Regulation approval request response regarding 2019 Triennial Rulemaking Cycle modifications to CCR, Title 24, Part 11 Voluntary Appendices A4 and A5 of the 2019 California Green Building Standards Code by the California Energy Commission.

This letter is in response to amendments proposed by the California Energy Commission (CEC) as required pursuant to Health and Safety Code (H&SC), Section 18930(a)(9), "The proposed building standard, if it promotes fire and panic safety as determined by the state Fire Marshal, has the written approval of the State Fire Marshal."

The State Fire marshal reviewed the following proposed revisions to the regulations to the Title 24, Part 11 Voluntary Appendices A4 and A5 of the 2019 California Green Building Standards Code. As a result, the Office of the State Fire Marshal finds no conflict in the proposed changes and therefore, approval is granted.
