From: California Energy Commission
1516 9th Street
Sacramento, CA 95814

Subject: Filing of Notice of Decision in compliance with Public Resources Code Section 21080.5 and Title 20, California Code of Regulations, Section 1768

Project Title: Palomar Energy Project

Energy Commission Docket Number: 01-AFC-24

Energy Commission Contact Person: Bob Eller, Project Manager

Telephone: 916-651-8835

Project Location: West of Interstate 15 and south of State Highway 78, about 600 feet southwest of the intersection of Vineyard Avenue and Enterprise Street, Escondido, California.

County: San Diego

Project Description: 550-megawatt (nominal) natural gas-fired power plant, consisting of two combustion turbine-generators equipped with dry low combustors and evaporative inlet air coolers, two heat recovery steam generators equipped with duct burners, selective catalyst reduction (SCR) and oxidation catalyst emission control systems, a steam turbine-generator, associated auxiliary systems and equipment, and a new 230 kV switchyard that will interconnect with an existing electric transmission line located immediately adjacent to the project site.

On August 6, 2003 the California Energy Commission approved the above-described project pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

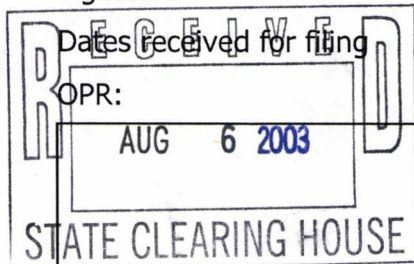

1. The project will will not] have a significant effect on the environment.
2. Mitigation measures [were were not] made a condition of approval of the project.
3. A statement of Overriding Considerations [was was not] adopted for the project.

The Commission docket files containing the final Commission Decision and other information regarding the project are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. The final Decision and other information regarding the project is also available on the Commission's web site--www.energy.ca.gov.
