Sustainable Energy - a No brainer

2008 - solar-ized our home (10kw),
2010 - purchased an electric car (EV),
2012 - purchased a heat pump (hot water),
2014 - purchased 2nd EV, [took write-off\$ for overproduction of energy 2010 - 2014]
2017 - purchased Storage system wanna guess what our electric expenses are?

Thank You State of California (Jerry Brown) for all the incentive\$!
