**Subject:** HUNTINGTON BEACH ENERGY PROJECT (12-AFC-02C),  
PETITION TO AMEND, STATUS REPORT #6

The following is a summary of the activities related to the Huntington Beach Energy Project (HBEP) since Status Report #5 was docketed on 6/1/16.

## **Procedural Activities:**

On 6/24/2016, the Preliminary Staff Assessment (PSA) was published with a 30-day comment period ending on July 24, 2016. A PSA workshop will be scheduled for July 12, 2016, at the Huntington Beach Library.

## **Coordination with Agencies:**

South Coast Air Quality Management District (SCAQMD) published and submitted the Preliminary Determination of Compliance (PDOC) to Dockets on June 7, 2016. The District has noticed a 30-day comment period that closes on July 9, 2016. Before the District publishes the Final Determination of Compliance (FDOC), it will require both the federal land manager's determination of impacts and the Environmental Protection Agency (EPA) review of the Title V permit significant revision. The 45-day EPA review period closes on July 21, 2016.

Staff will continue coordinating with the agencies involved with the amendment review, including the city of Huntington Beach, U.S. Fish and Wildlife Service, California Department of Fish and Wildlife, SCAQMD, the Huntington Beach Wetlands Conservancy, and California Coastal Commission. California Coastal Commission staff has indicated that it will produce a 30413(d) report for this proceeding prior to the publication of the Final Staff Assessment (FSA).

**Schedule:**

The PSA was published on 6/24/2016. A PSA workshop is being scheduled for July 12, 2016 at the Huntington Beach Library. Staff is working to publish the Final Staff Assessment three weeks after the FDOC is published.
