Subject: Docket Number 18-ALT-01
Date: Thu, 8 Nov 2018 16:05:23 +0000

For the Commission:

Joseph Degenfelder and I have cooperated on several projects and I introduced him to Vadxx Energy Co-founder Mr. Bill Ullom in August, 2012 with a tour of their pilot plant. In January of 2017 Joseph brought an investment banker to Vadxx Akron OH demonstration unit for a tour.

As a contractor involved in technical assistance and adviser re' new capital investment I cannot disclose the international energy company now planning to purchase Vadxx Energy. First projects are planned for Dublin [IR], the Dominican Republic, and Atlanta in the USA, addressing MSW plastic waste, used auto and truck tires and industrial waste plastic. A project for MSW in the Los Angeles area could be attractive to the new owners so the response to your Docket Number 18-ALT-01 will be of interest to them.

Best regards,

Howard S. Wheeler
