2018 IEPR Update

I commend the CEC on its Final 2018 Integrated Energy Policy Report (IEPR) Update.

I appreciate seeing a strong focus on building electrification and I agree that electrification is the most viable path to zero-emission buildings.

I urge the CEC to pursue IEPR electrification goals in ways that accelerate the electrification market while prioritizing California's most vulnerable and disadvantaged communities.

I like the Final 2018 IEPR Update and request that no changes be made to the report.

Thank you.

Sincerely,
