2018 IEPR Update

I applaud the California Energy Commission's (CEC) Final 2018 Integrated Energy Policy Report (IEPR) Update.

I am happy to see the strong focus on the electrification of buildings, and believe electrification is the most viable path to zero-emission buildings.

I urge the Commission to pursue the electrification goals in the IEPR in a manner that expediently accelerates the electrification market while prioritizing California's most vulnerable and disadvantaged communities.

I am very pleased with the Final 2018 IEPR Update and request no changes be made to the report. Thank you.

Sincerely,
Sharon Rosen Leib
