Mr. Drew Bohan  
Executive Director, California Energy Commission

RE: Application Seeking Extension to Submit Demand Forecast and Supply Forms in Docket #19-IEPR-03 (SDG&E Electricity Demand Forecast) and Docket #19-IEPR-02 (SDG&E Resource Plan)

Dear Mr. Bohan:

Pursuant to CCR, Title 20, Article 2, Section 1342, please accept this letter as SDG&E’s Application for an extension of time to submit the Demand Forecast and Supply Forms described below. In addition to this letter, the request is supported by the attached declaration of Timothy S. Vonder (Attachment A).

SDG&E is in the process of enhancing its forecasting models and post modeling adjustment components in ways that should help us perform more detailed analyses for the 2019 IEPR cycle. We are currently experiencing a delay in obtaining information needed to carry out improvement tasks, therefore, SDG&E respectfully requests a twenty-eight-day (28) extension of the due date for submitting its Demand Forecast forms for the 2019 IEPR from April 15, 2019 to May 13, 2019.

In addition, SDG&E respectfully requests a twenty-eight-day (28) extension of the due date for submitting its Supply Forecast forms for the 2019 IEPR from April 26, 2019 to May 24, 2019, so that we can incorporate the load forecast in that submittal.

SDG&E intends to continue to work diligently in completing the forecast. We believe the extra time will enable us to produce a high-quality forecast, without needing to revise or update its submission, and doing so will not adversely affect the overall 2019 IEPR schedule.
Should you have any questions, please feel free to contact Tim Vonder, Principal Regulatory Economic Advisor for SDG&E, at (858) 654-1735 (phone), (858) 654-0311 (Fax), or tvonder@semprautilities.com. Mr. Vonder’s business address is 8306 Century Park Court, CP42F, San Diego, CA 93123.
