San Diego, CA 92123

RE: *2019 Integrated Energy Policy Report (IEPR): Request for Extension of Time to File Electricity Resource Plans and Electricity Demand Forecasts*

Dear Mr. Pacheco:

This letter is in response to your March 27, 2019, written request to extend the filing deadline for San Diego Gas & Electric (SDG&E) to submit certain Electricity Resource Plans and Electricity Demand Forecast forms required by the California Energy Commission in support of the *2019 IEPR*. The Energy Commission adopted detailed instructions for the scope and timing of these required data submissions at a business meeting on November 7, 2018.

SDG&E is seeking an extension from April 15, 2019, to May 13, 2019, to submit Demand Forecast forms due to adjustments being made to forecasting models and post modeling processes; as well as an extension from April 26, 2019, to May 24, 2019, to submit Electricity Resource Plans. The extension would allow SDG&E to incorporate the most recent load forecast into the submittal.

I appreciate that SDG&E strives to submit data of the highest quality and I find that good cause exists for the requested extensions. Therefore, in accordance with Title 20, California Code of Regulations, section 1342(c), the request for extending the deadlines to submit the Demand Forecast and Supply Electricity Resource Plans forms is granted.

Sincerely,

A handwritten signature in blue ink, appearing to read "Drew Bohan".

Drew Bohan
