NOTICE OF PROPOSED RENEWAL TITLE V PERMIT

The South Coast Air Quality Management District (SCAQMD) is the air pollution control agency for all of Orange County and portions of Los Angeles, Riverside and San Bernardino Counties. Rule 3006 requires that the SCAQMD publish this notice prior to the renewal of a Title V permit previously issued to the facility listed below:

SC EDISON, MOUNTAINVIEW
2492 W. San Bernardino Ave
Redlands, CA 92374
Facility ID 160437

Contact Person:

Peter Jonker
Air Quality Manager
PO Box 800, Attn. Air Quality
Rosemead, CA 91770

The facility operates 4 natural gas fired combined cycle turbines along with auxiliary equipment used in the production of electrical power and steam.

Pursuant to Title V of the federal Clean Air Act and the SCAQMD Rule 3004(f), a Title V permit shall expire five years from the date of issuance unless such permit has been renewed. Accordingly, this facility has submitted a Title V renewal application and requested the SCAQMD to renew their Title V permits. The proposed permit incorporates updates to the facility information provided in the facility's Title V renewal application and all rules and regulations that are currently applicable to this facility. **The permit also includes a proposed minor modification to replace the turbine burners with more efficient ones.**

The proposed permit is available for public review at the SCAQMD, 21865 Copley Dr., Diamond Bar, CA, and at the A.K. Smiley Public Library, 125 West Vine Street, Redlands, CA 92373. The proposed permit can also be viewed at <http://www3.aqmd.gov/webappl/publicnotices2/Search.aspx> by entering the facility's ID number. Information regarding the facility owner's compliance history submitted to the SCAQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the SCAQMD based on credible information, is also available from the SCAQMD for public review. **Anyone wishing to comment on the issuance of the proposed permit should submit**

their comments in writing by March 4, 2016.
Written comments should be submitted to:

South Coast Air Quality Management District
Engineering and Compliance Office
21865 Copley Drive
Diamond Bar, CA 91765-4178
Attention: Mr. Andrew Lee
Senior Air Quality Manager

If you are concerned primarily about zoning decisions and the process by which this facility has been sited at this location, you should contact your local city or county planning department. For additional information, please contact Mr. Perri at (909) 396-2696 or by email at cperri@aqmd.gov.

The public may request the SCAQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Mr. Perri at the above SCAQMD address. The SCAQMD will hold a public hearing if there is evidence that the proposed permit is not correct or is not adequate to ensure compliance with regulatory requirements, and a hearing will likely provide additional information that will affect the drafting and/or issuance of the permit. Public hearing request forms and the schedule of public hearings may be obtained from the SCAQMD by calling the Title V hotline at (909) 396-3013, or from the Internet <http://www.aqmd.gov/docs/default-source/grants/500-g-form.pdf?sfvrsn=2>. **Requests for public hearings are due by February 18, 2016. A copy of the hearing request must also be sent by first class mail to the appropriate facility contact person listed above.**

Right to Petition U.S. Environmental Protection Agency (EPA) for Reconsideration: Title V Permits are also subject to review and approval by US EPA. If a public comment is sent to the SCAQMD for this permit, and the SCAQMD has not addressed the comment in a satisfactory manner, and the EPA has not objected to the proposed permit, then the public may submit a petition requesting that the EPA reconsider the decision not to object. Petitions shall be submitted to US EPA, Region 9, Operating Permits Section at 75 Hawthorne Street, San Francisco, CA 94105, within 60 days after the end of the 45-day EPA review period. The EPA review period for this permit starts no earlier than January 27, 2016. EPA's review status may be found at <http://www2.epa.gov/caa-permitting/electronic-permit-submittal-system-region-9>.
