## **Stop the New AES Redondo Power Plant**

Pat,

I want to declare my opposition to AES' proposed new power plant. Los Angeles does not need it. The residents of Redondo Beach do not want it. it causes too much pollution for such densely populated populated area at the beach. I do not want this kind of industry in my city. Dismantling it would provide the conditions necessary for lucrative business to develop at our city.

I understand that the plant pre exists most of the people and businesses in the city of Redondo Beach, and yet I am completely confident that it would be much better without it.
