AES power plant, Redondo Beach, CA

Dear Ms Kelly:

I oppose the replacement of our aging power plant with a new plant which will be a blight for decades to come. The city of Redondo Beach is preparing to spend hundreds of millions of dollars in harbor area renewal. A new power plant in no way supplements those plans.

I also support the removal of the high tension powerlines that go east from the existing power plant that are also an eyesore.

Please oppose construction of a new power plant on Redondo Beach's coastline.

Sincerely,

Stuart Watson
