No new Power Plant in Redondo Beach

Dear Ms. Kelly,

Now that we know that the AES power plant in Redondo Beach Ca. is not necessary and can be retired along with the power lines, this is an opportunity of our generation to clean up our air, Coastline and leave a legacy of open space and fiscal responsibility NOT another power plant surrounded by more development.

I oppose a new power plant in Redondo Beach, Ca. and ask that you to help the Residents of Redondo Beach to achieve clean air and a beautiful Coastline.

Thank you for your support.

Earl Turner
