**Subject: Rice Solar Energy Project – CEC Docket No. 09-AFC-10C  
Termination of CEC AFC License**

Mr. Winstead,

Rice Solar Energy, LLC (RSE) the owner of the California Energy Commission (Commission) Application for Certification (AFC) License for the Rice Solar Energy Project (RSEP), hereby requests the Commission terminate the RSEP License.

RSE has filed a Facility Closure Plan with the Commission Staff. Because the RSEP was not constructed, the Facility Closure Plan proposes no closure activities. Upon approval of the Facility Closure Plan, RSE requests termination of the RSEP License. In conjunction with License termination, RSE requests that the CEC return the associated Letter of Credit in the amount of \$139,017.00 which was most recently extended on May 20, 2019.

RSE is a wholly owned subsidiary of SolarReserve, LLC. I am authorized, as an officer of SolarReserve, LLC, to file this Request for License termination.

Feel free to contact me with any questions or comments. Your continued assistance is greatly appreciated.
