Redondo Beach Power Plant

Please be advised that the power plant standing in Redondo Beach, California is no longer necessary nor is it appropriate in the location which it now stands. It supplies a miniscule (overall) amount of the city's power which now comes from other sources. Rebuilding is not a practical option. Please give this matter serious thought, and do not allow the community to suffer further with this discouraging eyesore.

Phylis Agnelli, Redondo Beach, 90277
