No AES Power Plant in Redondo Beach

Dear Ms. Kelly,

As a Redondo Beach home owner, I am writing to voice my opposition to AES operating a power plant in Redondo Beach. It is critical that we take responsibility for protecting our precious natural resources – air, water, open space - while we still can. The beauty and healthfulness and cleanliness of our natural environment here is Redondo Beach's most valuable asset. Residents and visitors alike deserve to have this natural environment preserved for future generations, and to have the unpolluted open space that allows enjoyment of this asset. Please deny AES a license to operate a power plant here in Redondo Beach. Thank your for making every effort to protect our quality of life for years to come.

Respectfully,

Tamara Namay
