Barbara,

Here are a few questions from Garry. I think he may want to go out there at some date as well.

Subject: Calistoga - PTA Transmission Upgrade

Joe,

If possible, I would like to request some additional data from Calpine with respect to the power poles they plan on installing as part of the line relocation.

- What is the depth of installation of the proposed power poles and guy lines? – Poles: Set depth of 10% + 2' for 45' poles = 6.5' depth; Anchors: assumes 9' anchor rod, 45 deg. install. angle = ~6.5' depth
