NOTICE OF RECEIPT
PETITION FOR CHANGE OF OPERATIONAL CONTROL
for the
MIDWAY PEAKING PROJECT (06-AFC-10C)

On July 1, 2019, a petition was filed and docketed with the California Energy Commission (Energy Commission) requesting to change operational control of the Midway Peaking Project from NAES to Midway Peaking Project, LLC. The facility is a 120-megawatt simple cycle electric generating station, certified by the Energy Commission on January 16, 2008 and began operation on May 1, 2009. The facility is located on 5.6 acres in an unincorporated area of western Fresno County, approximately 15 miles southwest of the City of Mendota.

The petition is requesting to change operational control of the facility to Midway Peaking Project, LLC. Energy Commission staff will review the petition and any comments received to determine whether to issue a staff approval under Title 20, California Code of Regulations, section 1769(b)(2).

The petition requesting the change of operational control has been docketed and is available on the Energy Commission's webpage for this facility at <https://ww2.energy.ca.gov/sitingcases/starwood/index.html>.

This Notice of Receipt is being mailed to interested parties on the project mail list who may want to submit comments.

Any person may comment on the petition. To use the Energy Commission's electronic commenting feature, go to the Energy Commission's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once submitted, the Energy Commission Dockets Unit reviews and approves your comments, and you will receive an e-mail with a link to them.

Written comments may also be mailed or hand-delivered to:

California Energy Commission
Dockets Unit, MS-4
Docket No. 06-AFC-10C
