NOTICE OF RECEIPT
PETITION FOR CHANGE OF OPERATIONAL CONTROL
for the
CALPEAK ENTERPRISE PROJECT (01-EP-10C)

On July 2, 2019, a petition was filed and docketed with the California Energy Commission (Energy Commission) requesting to change operational control of the CalPeak Enterprise Emergency Peaker Project (project). The 49.5-megawatt, simple-cycle, natural gas-fired peaking plant was certified by the Energy Commission on June 6, 2001 with an on-line date of September 30, 2001. Energy Commission action was taken pursuant to Executive Orders D-26-01 and D-28-01 to help avoid or reduce blackouts and other adverse consequences of the energy supply emergency in the state. The facility is located in the city of Escondido.

The petition is requesting to change operational control of the facility from NAES Corporation back to the project owner, CalPeak Power-Enterprise, LLC. In addition, the petition notes that the project name will change from "CalPeak Enterprise Emergency Peaker Project" to "Enterprise Emergency Peaker Project". Energy Commission staff will review the petition and any comments received to determine whether to issue a staff approval under Title 20, California Code of Regulations, section 1769(b)(2).

The petition requesting the change of operational control has been docketed and is available on the Energy Commission's webpage for this facility at <https://ww2.energy.ca.gov/sitingcases/peakers/calpeak/index.html>.

This Notice of Receipt is being mailed to interested parties on the project mail list who may want to submit comments.

Any person may object on the petition. To use the Energy Commission's electronic commenting feature, go to the Energy Commission's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once submitted, the Energy Commission Dockets Unit reviews and docketed your comments, and you will receive an e-mail with a link to them.

Written comments may also be mailed or hand-delivered to:

California Energy Commission
Dockets Unit, MS-4
