Redondo Beach Power Project

Dear Ms Kelly,

Just a short note to express the sadness and disappointment my wife and I feel at the prospect Of the power plant remaining and/or being rebuilt in our beautiful beach community of Redondo. Needless to say it is a huge eyesore and a dangerous pollutant. I have a special concern because my wife Sally is a recent heart transplant recipient and she is especially vulnerable to air pollutants. Moving away from our home of 20 years is a sad option for us. The health of everyone in our community and the view of the beautiful coastline is in fact too great of a sacrifice for thousands of us in Redondo Beach. We're begging you to help if you can.

Your time and consideration is appreciated.

With gratitude,

Dr. Mark Morrow
