Mr. Mark Young  
Deputy General Manager/Power Management  
Glendale Water and Power  
141 North Glendale Avenue, Suite 450  
Glendale, California 91206

Dear Mr. Young:

Thank you for submitting the Glendale Water and Power *2019 Integrated Resource Plan* (IRP). The California Energy Commission received the plan on July 29, 2019, including the four standardized reporting tables.

The Energy Commission staff have performed the check for completeness, as described in Chapter 3, Section B.1 of the *IRP Guidelines*,<sup>1</sup> and has determined that Glendale Water and Power's IRP is complete.

The *IRP Guidelines* provide a framework to evaluate the consistency of Glendale Water and Power's IRP with California's energy and other policy goals outlined in Senate Bill 350 (de León, Chapter 547, Statutes of 2015), including but not limited to:

- Reductions in electricity sector greenhouse gas emissions commensurate with economy wide reductions of 40 percent from 1990 levels by 2030.
- Renewables Portfolio Standard of 50 percent by 2030, based on SB 350.
- Energy efficiency and vehicle electrification targets.
- Addressing procurement of energy storage and resource adequacy.
- Minimize local air pollutants with an early priority on disadvantaged communities.

Consistent with Senate Bill 350 and the *IRP Guidelines*, the Energy Commission has begun reviewing the IRP for consistency with the requirements spelled out in Senate Bill 350 and subsequent legislation. If staff determines there is a need for additional information to facilitate the Energy Commission's review of the IRP, Glendale Water and Power will receive a request for supporting information. The Executive Director's determination finding the IRP consistent or inconsistent with the requirement of the Public Utilities Code Section 9621 will be issued within

<sup>1</sup> See: <http://www.energy.ca.gov/sb350/IRPs/index.html>.

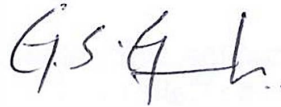

Mr. Mark Young

120 days (November 26, 2019) of the original submission, unless additional information is required for the IRP review.

The Energy Commission anticipates considering adoption of the Executive Director's determination at an Energy Commission business meeting in February 2020.

If you have any questions regarding your 2019 IRP submission, please contact Liz Gill at [Liz.Gill@energy.ca.gov](mailto:Liz.Gill@energy.ca.gov) or (916) 654-3948.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Gunda".

Siva Gunda  
Deputy Director  
Energy Assessments Division
